YEARS 2 0 2 1

## Great Bend Farm Show goes LIVE IN-PERSON and ONLINE April 7-9

Celebrating TEN years, the Great Bend Farm, Ranch and Hemp Expo is one of the largest farm shows in the United States and will take place in-person (as well as virtual) at the Expo Complex west of Great Bend with hundreds of exhibitors from all over the U.S. and Canada, arriving by planes, trains and automobiles. From Wednesday, April 7, through Friday, April 9, 2021 the massive agricultural exposition will draw hundreds of spectators and buyers to the Great Bend community, where many will stay in hotels and dine in local restaurants.

Forced to a virtual-only show in 2020, Star Expos, owners and promoters of the show, is thrilled to be coming back to Great Bend and hosting an in-person show in their tenth year. The Great Bend Chamber of Commerce shares this excitement and is working hard to coordinate over 200 volunteers from the business community. These volunteers, a staple unique to this annual show, are the reason returning vendors are accustomed to Great Bend's next-level hospitality.

Local businesses are encouraged to continue the effort of hospitality and

customer service in their stores by including a welcome message on their marquees, equipping staff with community information or simply by ensuring this influx of traffic is greeted with a friendly smile.

Spectators can look forward to daily presentations from K-State speakers on the Expo III stage, Pro Rodeo Voice Jared Slagle, Great American Tractor Showdown, Horse Training Demos, and more. In addition to countless exhibits and demonstrations for farmers and ranchers, there are also several attractions that will appeal to consumers, homeowners, and the general public so plan to bring the family out to this free event!

Star Expos' Darren Dale says, "Exhibitors include numerous cutting edge displays for farm and ranch equipment, seed and chemicals, agricultural services,

and much more. There truly will be something for everyone.

Admission and parking are free to the public. Show hours are 9:00am to 5:00pm on April 7; 9:00am to 7:00pm on April 8; and 9:00am to 4:00pm on April 9. The Great Bend Chamber of Commerce is proud to be a partner of this annual event.

For more information, call 866-685-0989 or visit the show website: [www.greatbendfarmandranchexpo.net](http://www.greatbendfarmandranchexpo.net).

## Barton Automotive Instructor Ron Kirmer retires after two decades of teaching

Barton Community College Automotive Technology Instructor Ron Kirmer accepts a retirement brick from Dean of Workforce Training and Community Education Kathy Kottas. Kirmer spent 20 years teaching at Barton. His first act as a retiree will be to clean out the garage to work

on restoring a few 1967 and 1968 Ford Mustangs. He also plans to do some light traveling. "Working with the students was the best part of my career at Barton," he said. "It was always fun to see the lights turn on for students who applied themselves and were there for a reason."

Ron Kirmer

## Magna Dry Offers New Year-Long Antimicrobial Protection

Magna Dry is expanding to bring new, revolutionary antimicrobial technology to Central Kansas. Our revolutionary formula coats entire surfaces with a protective shield that inhibit the growth of all microbes for up to a full year.

"This new antimicrobial technology is a game-changer for small business owners, hospitals and school districts," Magna Dry owner, Todd Clark said.

"In a time where everyone wants to know what you are doing to keep your employees and patrons safe, our antimicrobial surface protectant is the answer."

This product has been tested worldwide and proven to effectively prevent bacteria growth up to 95% after one year since

initial application. Our crew will come to your facility, clean and prep all surfaces, and apply our surface protectant electrostatically to ensure total coverage of all surfaces. We can apply to almost all surfaces hard or soft, electronics, you name it.

Magna Dry serves Great Bend and the surrounding communities with all your janitorial product needs, carpet cleaning, air duct cleaning and much more.

## United Way announces date for 2022 Campaign Kick-off

After missing you last year, United Way is excited to be back for their annual Kickoff Event!

# Children thriving with support of Sunflower autism program

A 2-year-old Ellinwood boy was diagnosed with autism June 17 last year. A couple of months later Martin began receiving Applied Behavior Analysis (ABA) therapy at Sunflower Early Education Center (EEC), 1312 Patton Rd.

“Fast forward several months,” said Ashley Trejo, the toddler’s mother.

“Martin has learned how to say his ABCs, recognize shapes and colors, how to use sign language and how to focus for longer periods of time. We feel very blessed to have this service.

“All the therapists are wonderful with my son,” she continued. “It is reassuring to know Martin is getting the best care with people you trust.”

ABA is designed for children with a medical diagnosis of Autism Spectrum Disorder (ASD). Five children are currently receiving local ABA services; most receive 10 to 20 hours of the specialized therapy per week.

“We hope to expand these services to include up to 10 children,” said Alyson Burkhart, EEC autism specialist. “We are in the process of hiring additional support staff to help us serve more children and families.”

The waiting list includes up to five children.

“In our role as an Autism Diagnostic Team, we refer children to developmental pediatricians,” Burkhart noted. “Since this frequently results in an autism diagnosis, the list continues to grow as more children are identified.”

“It is designed to increase skills in language and communication, as well as enhance the social skills necessary to improve daily functioning.

“The therapy also focuses on decreasing problem behaviors,” she added. “Research indicates that early access to these services has the greatest impact on the child’s ability to make significant progress.”

If the EEC didn’t offer ABA, local and area children would go without the therapy because of the limited number of providers.

“Some parents may even resort to moving to an area that has access to services,” Burkhart commented. “They also might seek the education and training to provide the therapy themselves.”

ABA at Sunflower is offered to children up to age 5 or when they start

kindergarten.

Services are adapted to each child. This may involve one-on-one teaching, group classroom instruction and/or parent training for up to 25 hours a week.

A transition plan, based on ongoing needs, is developed as the child

approaches school age. Some insurance policies, including KanCare, cover ABA services.

The EEC autism team, which doesn’t diagnose, has partnerships with the University of Kansas Developmental Pediatricians in Wichita and the Center for Child Health & Development at KU Medical Center to help with timely diagnoses.

“Through these partnerships, we complete paperwork and assessments prior to the evaluation,” Burkhart noted. “This speeds up the process for many families. We can help families see specialists usually within three to six months. The traditional referral process may take a year or longer.”

As part of the Sunflower Diversified Services family, EEC offers three programs. They are Tiny-K Early Intervention Services, Incredible Years Preschool and ABA services. Sunflower, a non-profit agency, serves infants, toddlers and adults with delays and disabilities in Barton, Pawnee, Rice, Rush and Stafford counties. It is in its 55th year.

**Martin Trejo, 2, works on matching colors with the guidance of Allison Schwartz, ABA direct service provider at Sunflower Early Education Center.**

## Central Kansas Partnership's, Suicide Prevention Task Force announces poster contest winners

Left to right Sheryl Neeland - Task Force Member, Elydia Harr - Poster Winner #1, Holly Bowyer - Task Force Chair, Georgia Parks - Poster Winner #2, Michelle Daniel- Task Force Member

Left to right Holly Bowyer - Task Force Chair, Karlee Dougherty - Poster Winner #3, Michelle Daniel - Task Force Member, Marissa Woodmansee - CKP President

The Suicide Prevention Task Force of the Central KS Partnership held a poster contest. The purpose of the contest is to raise awareness in reaching out for help. Help is available 24/7 at 1-800-273-8255. The contest was open to all Middle & High School Students in Barton County. The top 3 posters were selected from a total of 13 entries. Congrats to the following winners: Winner #1 Elydia Harr, Winner #2 Georgia Parks, and Winner #3 Karlee Dougherty. The submitted posters will be on display throughout the county, starting with our community partner OPI, located at 1204 Main St Great Bend, KS 67530 throughout the month of March. Involving youth in suicide prevention is a key goal of the Suicide Prevention Task Force of the Central Kansas Partnership. To learn more or to get involved, visit the partnership's website at <https://www.ckpartnership.org/prevention> or contact Holly Bowyer at 620-792-2544. Follow the Task Force on Facebook: Suicide Prevention - Central KS Partnership Instagram: ckpartnership

## The Bat Cats are gearing up for year 5!

Head Coach, Roger Ward is gearing up for what is becoming a new summer tradition, Bat Cats Baseball. The Bat Cats season includes some great match ups as well as events such as the Host Family Appreciation gathering, pulled pork fundraiser, First Pitch Banquet, baseball camp dates, and Event Nights at the home games.

Roger said "I need you all to know how proud I am to be able to do this in my hometown. I've never been more excited than I am now, and that has a lot to do with the support that you all have shown to the program! ... AND, we are going to do it the Great Bend way, GREAT!"

For more information on the Bat Cats, find them online at [www.greatbendbatcats.com](http://www.greatbendbatcats.com), or find them on Facebook: @GBBatCats.

## Who Am I? Self-Portraiture as Self-Identity, Exploration and Expression.

Yoga Central of Great Bend is excited to host one-of-a-kind Self-Portraiture classes.

The way we see ourselves is such an important thing. Understanding self-identity enables a better understanding of the world and of the people around ourselves.

Self-portraiture is an important method through which artists express their personalities, beliefs and ideas. It is also a tool in which we can examine our identity which has resulted from the influence of our past challenges and emotional experience which can lead to a higher level of self-awareness.

The self-portrait is an open and unique way of depicting our-selves, whether it's through a straightforward portrait, a carefully staged composition and setting, or an enigmatic mirror image. It can be full of passion, dreams and inspiration, echoing the experiences and places we have been or have yet to go to.

During this 16 hour workshop you will be guided through all the steps of drawing and painting your own portrait from the mirror. You will be led through the process of working on the basic principles of composition, correct proportions, eye/hand coordination, value and shading.

Part 1 is April 16, 2021, 9am-1pm. Part 2 is April 23 & 30, May 7, 2021, 9am-1pm. All classes are held at Yoga Central of Great Bend, 6003 10th St, Great Bend. All art materials for Part 1 and Part 2 (drawing and painting) are included in the class fee. Non-refundable deposit due April 9th. This part is going towards the art materials and after April 9th registration won't be possible anymore. \$25 DISCOUNT is offered to those who register for full workshop (Part 1: drawing and Part 2: painting) and make full payment \$350 no later than April 9th. Check out the facebook event for more information: <https://www.facebook.com/events/1359840034373232> or by calling 620-617-4142.

### About the Instructor:

Mantra Cora was born in Gdansk, Poland, relocated to England in 2006. In 2016 together with her husband and daughter she relocated to the USA, first to Tucson, AZ, and in 2019 to Hoisington, KS. In 2013 Mantra completed her BA in the Visual Arts at The University of Salford in England. She has closely studied techniques of painting with Prof. Phil, and also studied drawing and painting as an Erasmus Exchange Student at the Accademia di Belle Arti di Macerata in Italy. Her Erasmus Exchange program was followed by a 4-month internship at the Phantasten Museum in Vienna, Austria. It was there that she daily assisted the internationally renowned artist, Ernst Fuchs, with his paintings.

Her art has been exhibited internationally, including the UK, Italy, Spain, Switzerland and the USA. In 2019 Mantra completed 75 watercolor illustrations for children's book title Snake and Squirrel, Adventure Time.

Mantra and her family recently relocated to the Midwest and has joined the faculty at Barton Community College where she will be teaching more classical version of Portrait Drawing and Painting.

## Ribbon Cuttings!

# First Annual Barton County YEC event a success

The fact that the 2020-2021 Youth Entrepreneurship Challenge (YEC) season was in the middle of a pandemic and most schools had visitor restrictions made this a challenging year to promote the program and even more challenging to plan an event. Despite the challenges, the Barton County 1st Entrepreneurship Challenge was a HUGE success! Christy Preston, Product Manager, Rural Entrepreneurship, for Network Kansas, "I loved the ribbon cutting to kick-off the event and was overwhelmed by the community support for these young talented entrepreneurs." NetWork Kansas appreciated the E-Community partnership with Great Bend Chamber of Commerce & Great Bend Economic Development.

# Essential Elements celebrates 5th Year in Business

The Great Bend Chamber of Commerce staff and Ambassador's Club were invited to a ribbon-cutting celebrating Essential Elements, 3108 10th Street in Great Bend, joining the Chamber of Commerce. Essential Elements' owners, Jan & Bryon Morton, were also commemorating the business' fifth year on business. Find Essential Elements at 3108 10th Street (Tuesdays, Thursdays & Fridays 11 am-6 pm and Saturdays 11 am-3 pm and by appointment), on Facebook: Essential Elements Great Bend KS, by email: Jan.essentialelements@gmail.com, or store phone: 620-796-2259.

# Chamber welcomes Peoples Bank and Trust

The Great Bend Chamber of Commerce staff and Ambassador Club were excited to celebrate and officially welcome Peoples Bank and Trust into Great Bend on February 26th with a ribbon cutting ceremony. This follows the 2020 announcement from PBT Bancshares, Inc., the parent company for Peoples Bank and Trust, McPherson, Kansas, that it had entered into a definitive agreement to acquire Community Bank of the Midwest, Great Bend, Kansas with locations in Ellinwood, Otis and Ness City. The merger is now complete.

Great Bend Market President for Peoples Bank and Trust, Brian Wilborn, echoed, "We are excited to be part of Peoples Bank and Trust! Although our name has changed, our people will remain the same." "Peoples Bank is able to provide more products, services, and technology to their customers. Just as Community Bank has done in the past, Peoples Bank and Trust will

continue to impact the communities they serve." This community impact was demonstrated during the ceremony by way of a \$25,000 donation to Clara Barton Hospital

Foundation's Adopt a Room campaign, funding furnishing and equipment for the upcoming expansion of the Great Bend clinic. Customers can now access their accounts on a Mobile App, online, or at any of People's 16 locations across central Kansas. Visit Peoples Bank and Trust online at [www.peoples.bank](http://www.peoples.bank), visit the Great Bend branch at 2220 Broadway Ave. or call (620) 792-5111.

# Natalie Holguin Joins Adams Brown as Staff Accountant

Adams Brown, Strategic Allies and CPAs, is excited to announce the addition of Natalie Holguin to its growing team. Natalie joins as a staff accountant in both the tax and audit departments.

**Natalie Huguin**

“Welcome to the Adams Brown team, Natalie. We’re excited to have you come onboard,” said Brian Staats, CPA, CGMA, managing partner. “We look forward to witnessing her professional growth in public accounting.”

Natalie earned an Associate of Science in

Accounting from Pratt Community College in 2018. She went on to earn her Bachelor of Business Administration in Accounting from Fort Hays State University in 2020. While at

PCC, she was selected for the Phi Theta Kappa All-State Academic Team. At FHSU, she was a member of the accounting club. Natalie resides in Lewis, Kansas, her hometown. She is the daughter of Prudencio and Mary Ann Holguin. Outside of the office, she enjoys cooking, baking, and

spending time with family.

Adams Brown, Strategic Allies and CPAs, provides a wide range of traditional and specialized CPA and consulting services to clients throughout the nation, with specialized teams focusing on agriculture organizations, construction companies, manufacturers, healthcare professionals, governmental and not-for-profit organizations, and small family-held businesses. Founded in 1945, today the firm maintains numerous office locations throughout the central United States. For more information about Adams Brown, please visit [www.adamsbrowncpa.com](http://www.adamsbrowncpa.com).

## Dilly & Doc Creative Studio Commemorates Mural

The Great Bend Chamber of Commerce held a ribbon cutting commemorating the completion of the first half of the mural on the building at Dilly & Doc Creative Studio, 1119 Main Street in Great Bend. Phyllis Brack, owner, spoke about the project, “It is so awesome to watch a dream come true! This is something we wanted to do since we moved into the building four years!” The first half of the mural was completed in November 2020, just before the weather turned too cold to paint. Mindy Allen from Mindy’s Murals will be back in May to complete the second half of the mural on the building. For more information on Dilly & Doc, find them on Facebook, [www.dillyanddoc.com](http://www.dillyanddoc.com), or by calling 620-786-1241.

## 3D mammography arrives at Great Bend Campus

The latest in 3D mammography is now available at The

University of Kansas Health System Great Bend Campus,

and women are encouraged to call for an appointment.

“The advanced equipment is state-of-the-art technology for 3D mammograms,” said Shannon Deines, imaging manager. “For example, a traditional 2D mammogram provides just two pictures – one from the front and one from the side.”

3D technology, however, captures a series of pictures from multiple angles. “The result is a three-dimensional image,” Deines explained. “The additional images allow the radiologist to see smaller areas of the breast.”

One of the big advantages of 3D is the decrease in false positive results. “3D has been proven to decrease the number of women who need follow-up mammograms to evaluate a possible abnormality,” Deines said.

In addition to mammography, Great Bend Campus also offers breast imaging services that include breast ultrasound, biopsies and MRIs.

Deines hopes women in central Kansas take advantage of these services because “the best way to beat breast cancer is to find it early. The best way to find it early is with a yearly screening mammogram. Missing even one year can make a big, negative difference.

“As part of the health system, our team has access to the most up-to-date information and medical advances,” Deines added. “This includes breast specialists and the latest in cancer care.”

The team’s technologists trained

in 3D are Deines, Heather Ewy and Tiffany Harders.

Age 40 is still the standard for starting annual

screening. If someone has a family history of breast cancer, healthcare providers may suggest starting earlier.

The number to call for an appointment is 620-791-6299. While mammography is available throughout the week, the imaging team is available until 6 p.m. Mondays for after-hours appointments.

In Kansas, Deines said, a doctor’s referral is not necessary if the patient is over 40, not experiencing symptoms and under the care of a provider.

Great Bend Campus has the only hospital in the area that offers the Early Detection Works (EDW) program, Deines said. The program covers mammography for Kansas women who don’t have health insurance and are 40-64 years of age. EDW is also available for cervical cancer screenings for uninsured women age 21-64.

“This is a great program that pays for breast and cervical cancer screenings and diagnostics for Kansas women of average risk,” Deines said.

**Tiffany Harders, left, and Heather Ewy are technologists trained to perform 3D mammograms at The University of Kansas Health System Great Bend Campus.**

## Barton Foundation’s 11th Annual Sporting Clay Shoot to be held at Camp Aldrich

**Participants in the 2019 clay shoot take aim at flying sporting clays down range. The 12-station event also features a side game of flurries, which offers participants an opportunity to practice or compete amongst themselves for bragging rights.**

The Barton Community College Foundation aims to enhance the Barton student experience with its 11th Annual Sporting Clay Shoot fundraiser from 9 a.m. – 4 p.m. Sunday, April 18 at Camp Aldrich, 884 NE 110 Ave. in Claflin. The money raised is used for mini-grants for Barton faculty members to purchase items for their classrooms to enhance student learning experiences. The foundation has awarded about \$100,000 in mini-grants to date.

Participants can compete as individuals or as three-person teams in a modified 100-target Lewis Class style tournament. The shoot begins at 9 a.m. with a shot-gun start throughout the day. The last shooters must start the course by 3 p.m. This is not a National Sporting Clays Association sponsored event.

Registration is \$75 with a lunch provided by Great Western Dining for those who pre-register by April 8. Following April 11, registration will still be \$75; however, lunch will not be included.

Registration includes 100 sporting clays, prizes for the overall winners and Lewis Class winners, and chance drawings for gifts. Shooters will need to provide their own shells. ATVs and golf carts are welcome. Those interested can register at [clayshoot.bartonccfoundation.org](http://clayshoot.bartonccfoundation.org).

Linden Target Sports will handle logistics and supply the equipment. The company has designed a course to complement the beautiful landscape of Camp Aldrich, which is located two miles north of Highway 156 between Claflin and the Cheyenne Bottoms Wildlife Area, sits on 290 acres of rolling sand hills and wilderness areas. The camp boasts at least 70 species of wildflowers and grasses, 57 different types of birds, deer, turkey and various other animals; some of which are on the endangered species list.

“Although this event is not the largest in terms of funds raised it is certainly the most unique and the most innovative. It has proven to be a vehicle to fill a special niche for donors who had not previously been involved with our fund-raising efforts,” said Coleen Cape, Executive Director of the Foundation. “It is also unique in that it reaches far beyond the communities in our service area. We have shooters join us, not only from all areas of Kansas but from outlying states as well. It is a great event and the numbers just keep growing. Of course, last year COVID 19 pre-empted this event, so this year we are looking forward to welcoming a record number of shooters.”

# GREAT BEND

CHAMBER OF COMMERCE

## FEATURED AMBASSADOR

**Jamie Bailey**  
**KSN**

**What brought you to Great Bend? What keeps you here?**

I had a great opportunity to come work for KSN in Great Bend. It has been a wild ride and I couldn't imagine it any other way. I have met the most incredible people since moving to central Kansas. The wonderful people in this area keep me here but the awesome events and sense of community certainly help!

**Where do you work and what do you do there?**

I'm your friendly neighborhood KSN sales representative! I work from home, in my car and coming to a business near you. I make a joke that my clients and the community are really my co-workers since the majority of the KSN team is in Wichita and surrounding areas. I have a pretty awesome gig. I get to help businesses come up with creative advertising campaigns to help them reach their goals. Every day is different and every client is different. It definitely keeps me on my toes. There is never a dull moment. When you live and work in a rural area it becomes very personal. The success of the people I work for means everything to me. Folks in the business community are my family, friends and neighbors. I can't tell you how lucky I feel to be a part of this community. Ya'll are stuck with me!

**What's one thing about you that would surprise people?**

I am an avid gardener! I am crazy about it. I've had the opportunity to spend more time with my dad since moving to central Kansas and he got me hooked on gardening. It has been so much fun finding a hobby that fills my heart with so much joy. My dad tells me that it's in my blood. My ancestors must've had the same appetite as I do because I can't grow flowers to save my life but give me any kind of vegetable seed and I can make magic!

**What energizes you and brings you excitement?**

This is a tough one to answer. Ummm... like EVERYTHING! I'm just happy to be here! I'm grateful for each day I get another shot at happiness. I love my family, friends, career, cooking, exploring, canning, gardening, and creating. I'm the type of person that will go to an event that sounds terrible just so that I can experience something new. Believe it or not it's usually never terrible and I end up having a great time anyway!

**At what job, would you be terrible?**

I would beyond a shadow of a doubt make a terrible teacher! I don't know how they do it. It makes me wonder if they're some type of super human breed that we don't fully understand yet. Seriously, teachers are INCREDIBLE! I even have respect for the teachers that some might consider poor teachers. If they can stay in a room with that many kids for an extended period of time... wow... kudos to that!

**How long have you been a Chamber Ambassador and what do you like most about it?**

This is my second year as a Chamber Ambassador. I love having the opportunity to connect with different folks. Being an Ambassador helps me stay in the loop, give a little back to the business community and meet wonderful people.

**About Chamber Ambassadors:** The Great Bend Chamber of Commerce Ambassador Club is made up of 30 men and women from the Great Bend business community who represent the Chamber in a number of ways.

To find out how you can become a member of the Ambassador Club, contact Lee Ann June at the Chamber office, 620-792-2401, marketing@greatbend.org, or www.greatbend.org/ambassadors

## Accounting Today Recognizes Adams Brown as Fastest Growing Regional Leader

After a truly unpredictable year for businesses and individuals across the country, Adams Brown was recognized as number 11 on Accounting Today's Fastest Growing Firms list. The firm was also named a Regional Leader in the Midwest for the third straight year.

The average accounting and consulting firm experienced 8% growth, down from 15% the year prior, according to the report by a leading accounting industry

publication.

Adams Brown's 17.1% growth rate can be attributed to a recent merger with M&L CPAs Chartered in Wichita in January of 2020 and the acquisition of the Jonesboro office of EGP, PLLC in June. In addition, the firm pivoted to provide new consulting services to business owners to help them

maximize stimulus programs available to them, which contributed to organic

growth.

"It's important to us that we provide businesses and individuals with the help they need to be successful," said Brian Staats, CPA, CGMA, managing partner. "We continually keep

our finger on the pulse of what's happening and work to provide help where it's needed, whether that be with the PPP loan program, cash flow or even by strengthening core tax, accounting and audit services in our communities."

Headquartered in Great Bend, Adams Brown is one of 27 firms included as regional leaders in a category that includes Iowa, Kansas, Minnesota, Missouri, North Dakota and South Dakota.

## GBCF announces First Come Home Reverse Scholarship recipients

Kyler Clawson, a Barton County native, had been "rolling around the idea" of starting a chiropractic clinic in Great Bend.

When he mentioned this to his uncle, Jon Prescott of Ellinwood, he learned there is something called a Come Home Reverse Scholarship.

Clawson and his wife, Stacy, sought more information and the result is the Golden Belt Community Foundation (GBCF) recently named him the first recipient of a local Come Home award. The Clawsons now live in Great Bend.

Grants from private donations are paid directly to the loan holder over a several-year period.

"Chiropractic school cost a huge amount of money and the opportunity to get some help with this debt is amazing," said Clawson, 33. "And most important, our daughter, Brynlee, now sees her grandparents regularly. Seeing these relationships grow is worth everything."

The grandparents are Lori and Kyle Clawson of rural Ellinwood, and Dan and Melanie Zink of Ellinwood. The Clawsons also are now closer to siblings, aunts, uncles and cousins living in this area.

The family moved to Great Bend from Hays, where he still

owns Walk-in Chiropractic. His second location recently opened in Great Bend at 3007 10th.

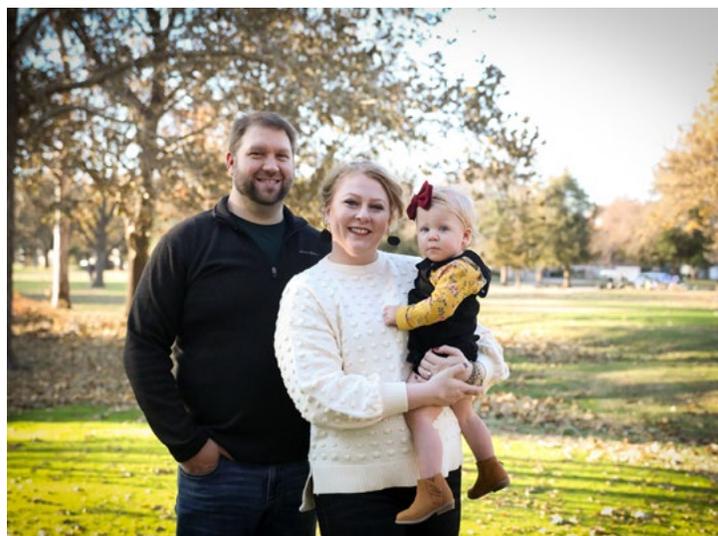

"We offer a new form of chiropractic business that can benefit a lot of people," Clawson said. "I have been voted best chiropractor in Hays for the past four years because of our commitment to give our best to every patient every time. We are convenient, fast and affordable."

Clawson is a 2006 graduate of Ellinwood High School. He earned his associate's degree in 2009 at Garden City Community College and bachelor's in kinesiology in 2011 at Kansas State University.

After graduating from Cleveland University Kansas City in 2015, Clawson began his career at Panzer Chiropractic in Hillsboro. He then went to Hays and bought the clinic there last September.

"Rearranging our priorities has been an amazing process," Clawson commented. "Stacy and I truly appreciate the Golden Belt Community Foundation and the people who donate to the Come Home scholarship fund. We think they are helping more than just my family."

This program meshes nicely

**Kyler Clawson and his family recently moved to Great Bend. He is the first recipient of a Come Home Reverse Scholarship.**

with one of GBCF's missions - economic development philanthropy. "Talent recruitment and retention play a huge role in this," Tustin said.

Scholarship amounts vary but up to \$10,000 can be awarded per applicant over several years. Currently, the fund has enough to provide at least one or two scholarships per year over the next several years. Private donations are always accepted.

The search for applicants is ongoing and additional awards are anticipated this year.

"We strongly encourage businesses and individuals to contact us if they know of someone who may be interested in applying for the scholarship," Tustin said. "It would be very

helpful if they would share information about the Come Home program."

At \$27.9 million in total assets and 185 funds under management, the Golden Belt Community Foundation has been connecting people who care to causes that matter since 1996. Golden Belt Community Foundation exists to provide non-profit organizations in central Kansas with a permanent source of support and to serve as a vehicle for charitable giving for donors. GBCF serves the counties of Barton, Pawnee, Rush, and Stafford. For more information about Golden Belt Community Foundation, call (620) 792-3000 or visit their website at [www.goldenbeltcf.org](http://www.goldenbeltcf.org).
